**Subject:** Re: Arroyo Grande Aquifer Exemption Application

Hi John, sorry I was not able to get back to you in response to your email message yesterday. Once we have the state's submittal of any additional information, I'll be in a better position to discuss the next steps in the process for the Arroyo Grande request.

Per your message below, I will send you the CBD letter, but it may be Monday before I can get it to you.

Thanks,

David

> David – Greetings. The attached letter was forwarded to my attention earlier today. FM O&G will be formally responding to these claims as part of the federally administered public comment period you indicated would be conducted. The letter references a separate communication CBD sent on 3/9/16 requesting NEPA review of the state's proposal. At your convenience could you please provide me with a copy of that one distinct piece of communication? Thank you in advance. Have a good weekend.
